Financial data is main fund only, $M and may include non-GAAP adjustments.
** Invested out of multiple funds*
 # Denotes a Transfer Company pursuant to the 2021 Amendment, where the Fund distributed carried interest on May 27, 2021

Exits and Distributions

The Partnership distributed the remaining shares of **Instacart**^ worth $169.9M in August and September, resulting in a 4.5x gross return.

The Partnership distributed the remaining shares of **reddit** worth $130.3M in August, resulting in an 8.6x gross return and 9.2x cumulative gross return, respectively.

Focus Companies

The following are the remaining focus companies that occupy the majority of our time. They will likely generate the most meaningful additional returns for the Partnership.

Financial data below reflects current holdings

Attentive Mobile# Partnered: 2020 Ownership: 1.6% Cost: $21M FMV: $33M

Attentive Mobile is the best way for brands to communicate with their customers. Attentive's product engine is humming, with a new AI suite that delivers exceptional ROI for customers, and new channels (email and push) to round out its SMS platform. The company has a credible path to $1B in revenue over the next few years, but the market is under pressure, so it won't be easy to get there.

Carbon Partnered: 2014 Ownership: 0.6% Cost: $4M FMV: $2M

Carbon is advancing the 3-D printing industry and is getting closer to its goal of upending the traditional process of manufacturing. Verticals beyond dental and sports have an elongated time period to get to scale.

Houzz# Partnered: 2014 Ownership: 1.1% Cost: $33M FMV: $9M

Houzz is the leading home remodeling and design platform, connecting homeowners and home professionals with the best tools, resources and vendors. Houzz achieved a positive cash flow quarter and continues to build the software business. The Vista convertible note becomes due May 20, 2028.

Strava Partnered: 2014 Ownership: 5.5% Cost: $15M FMV: $74M

Strava is the social network for athletes. The company's new CEO, Mike Martin, has completely turned the company around. Revenue growth, EBITDA margin and company culture is trending extremely well. The company is contemplating continued growth with Gen Z, runners and women, alongside financial upleveling, team building and M&A.

Thumbtack Partnered: 2015 Ownership: 0.2% Cost: $5M FMV: $4M

Thumbtack is a marketplace for local services. The company exceeded plan on both the top and bottom line, achieving 37 on the rule of 40 metric. In terms of scale, Thumbtack is now generating $100M in quarterly revenue. Importantly, Thumbtack's performance positively diverged from the overall home services market trends, showing the company is gaining ground, thanks to the quality of its offering.

 # Remaining holdings post 5/27/2021 carried interest distribution
^ These amounts are net of the carried interest distribution made on May 27, 2021 in connection with the Partnership's 2021 Amendment.

FUND OUTLOOK

The net multiple of US Growth VI stands at 3.3x with a net internal rate of return (IRR) of 20%. The Fund has seen more than ten successful IPOs and several meaningful acquisitions, resulting in 11 distinct investments that yielded a gain of at least $100M. Overall, we are pleased with the Fund's returns, almost all of which are now realized.

Disclaimer

This Report is confidential, trade secret and proprietary, is intended solely to provide a brief overview of selected Partnership metrics and is not intended to serve as the basis for any investment-related decision and is not an offer for partnership interests. It is not a substitute for the Partnership's official financial statements and is not a comprehensive presentation of the Partnership's financial or other status, prospects, or attributes. The General Partner may be in possession of material information not contained in this Report that would be necessary to fully understand the meaning and implications of information presented in this Report. Much of the information in this Report concerning portfolio companies was provided by the companies themselves and are based upon unaudited financial data and may not have been independently verified by the General Partner. Focus companies are not a representative sample of the Fund's financial status, prospects, or attributes.

All forward-looking statements are based upon assumptions that may not prove to be correct. The Appendix of Disclosures and/or Risk Factors provided to Limited Partners in connection with the formation of the Partnership is hereby incorporated by reference. For convenience, certain financial performance metrics may have been calculated using different conventions than used for other Partnership purposes. Net IRR is calculated based upon the due dates of LP capital calls and actual cash flow dates of distributions, using LP ending capital as the terminal value, and relate to the aggregate performance of limited partners in the Partnership; individual limited partner results may vary. The Fund may have utilized a short-term credit facility. Net IRR may be lower had the Fund called capital from Limited Partners at the time of each investment instead of utilizing a credit facility. Net Multiple is the sum of LP distributions and LP ending capital after taking into account allocations of carried interest, management fees and all other Fund expenses (as determined by the General Partner in good faith), divided by LP contributed capital. The Net Multiple does not reflect the return for all limited partners. An individual investor's return may vary due to different management fee arrangements and timing of capital transactions. By-company FMVs presented herein are gross of ASC740-10 tax accrual, where applicable. All numbers excluding Net IRR and Net Multiple are presented on a gross basis without the deduction of fees and expenses of the Partnership and include interests held by both the General Partner and Limited Partners. The deduction of fees and expenses will reduce returns, and such fees and expenses in the aggregate are expected to be substantial. Ownership reflects fully diluted ownership as of the period-end date. It is based on information provided by portfolio companies, which is not independently verified and is not audited. While such information is believed to be reliable for the purposes used herein, the Partnership does not assume any responsibility for the accuracy of such information. Past performance is not indicative of future results. It should not be assumed that recommendations made in the future will be profitable or will equal the performance of the investments in this Report or that investments listed herein will be profitable upon exit.

Unless otherwise noted, the information contained herein has been compiled as of December 31, 2024, and there is no obligation to update the information. The delivery of this Report will under no circumstances create any implication that the information herein has been updated or corrected as of any time subsequent to the date of publication or, as the case may be, the date as of which such information is stated.
