

May 15, 2025

Dear Limited Partner,

We are pleased to provide your Q1 2025 Quarterly Report, the unaudited Q1 annual financial statements, and your capital account statements as of March 31, 2025.

Fund Performance

Centana Growth Partners, L.P. ("Fund I")

The portfolio's value increased by 5.5% during the quarter. Fund I has generated an approximate gross MOIC and IRR of 4.4x and 32.3% and a net MOIC and IRR of 3.2x and 24.2%, respectively, as of March 31, 2025. This quarter's increase is primarily due to the acquisition of portfolio company Beacon Platform Incorporated and strengthening market multiples in the Jumio Holdings, Inc. comp set.

Centana Growth Partners II, L.P. ("Fund II")

The portfolio's value increased by 3.3% during the quarter. Fund II has generated an approximate gross MOIC and IRR of 1.3x and 15.0% and a net MOIC and IRR of 1.2x and 7.2%, respectively, as of March 31, 2025. This quarter's increase is primarily due to strong operating performance from Sayari Labs, Inc. and Cayosoft, Inc., as well as the impact of Gradient A.I. Corp. transitioning off cost this quarter.

Centana Growth Partners III, L.P. ("Fund III")

Fund III was activated in Q4 2024 and has made three investments to date. As these investments are all held at cost, the gross MOIC and IRR as of March 31, 2025, are 1.0x and 0.0%, respectively.

Q1 2025 Activity

The Helper Bees, Inc. – On January 13, 2025, Fund III completed a \$25.0 million investment in The Helper Bees, Inc., as the lead investor in their Series C round. Headquartered in Austin, TX, The Helper Bees facilitates delivery of covered, non-medical products and services to Medicare Advantage enrollees and Long-Term Care Insurance policyholders. The Company's aging-in-place platform provides an end-to-end solution for the distribution of supplemental benefits and reduces the risks associated with seniors living at home, leading to cost savings for payers and a better quality of life for members. We are excited by The Helper Bees' comprehensive solution suite, strong customer relationships, highly satisfied member population, and opportunity to drive efficiency and deliver value across a fragmented market landscape.

Beacon Platform Incorporated – On March 12, 2025, Beacon Platform Incorporated announced the signing of definitive agreements to be acquired by Clearwater Analytics (NYSE: CWAN). The transaction valued the company at \$560 million as of the date of signing, with approximately 60% of the consideration payable in cash and the remaining 40% in CWAN Class A common stock.

This announced transaction value implied an estimated 2.8x Gross MOIC to the Fund, but similarly to much of the public markets, CWAN's stock price declined after signing. The transaction closed after the end of Q1, on April 30, and using CWAN's closing price the day before closing, the total consideration represented an estimated 2.6x Gross MOIC to the Partnership. The March 31, 2025, valuation of Beacon uses the 3/31 CWAN closing price, and the final value will vary based on the

future CWAN share price. Please note, certain gains from this transaction may qualify for IRC Section 1202 (QSBS); please consult your tax advisor.

Centana originally led Beacon's Series B in Q4 2019 and participated in the Series C led by Warburg Pincus in Q4 2021. We were (and still are) excited about how Beacon helps financial institution developers rapidly create and deploy new applications or products. Clearwater has stated that it views Beacon as a "next-generation leader for cross-asset class modeling and risk analytics for derivatives, private credit and debt, structured products and other alternative assets," and the acquisition is part of a series of acquisitions allowing Clearwater to deliver what they describe as a "unified platform that spans the full investment lifecycle – from trading and modeling to accounting and regulatory reporting."

Subsequent Event

The Helper Bees, Inc. – On May 7, 2025, Fund III completed a \$2.0 million follow-on investment in The Helper Bees, Inc. There was an opportunity to invest in additional Series C shares at the same cost as in January 2025, and the Partnership took that opportunity. This investment brings the cost basis of Fund III's total investment in The Helper Bees to \$27.0 million.

2025 Annual Conference

We are excited to see everyone this Fall at our Annual Conference, scheduled for dinner on Tuesday, October 7, followed by the General Session on Wednesday, October 8, in San Francisco. Should you have any questions, please contact Maria LaHorgue at mlahorgue@centanagrowth.com.

As always, we welcome ongoing dialogue with you. Please do not hesitate to reach out with any comments, questions, or suggestions. Thank you.

Sincerely,

The Centana Growth Partners Team
