

August 15, 2025

Dear Limited Partner,

We are pleased to provide your Q2 2025 Quarterly Report, the unaudited financial statements, and your capital account statement as of June 30, 2025.

Fund Performance

Centana Growth Partners, L.P. ("Fund I")

The portfolio's value increased by 1.7% during the quarter. Fund I has generated an approximate gross MOIC and IRR of 4.5x and 31.8% and a net MOIC and IRR of 3.2x and 23.8%, respectively, as of June 30, 2025. This quarter's increase is primarily due to a strong operating performance and strengthening market multiples in AlphaSense, LLC, and SpyCloud, Inc.

Centana Growth Partners II, L.P. ("Fund II")

The portfolio's value increased by 4.2% during the quarter. Fund II has generated an approximate gross MOIC and IRR of 1.4x and 15.4% and a net MOIC and IRR of 1.2x and 8.0%, respectively, as of June 30, 2025. This quarter's increase is primarily due to strong operating performance and strengthening market multiples in Cayosoft, Inc., Gradient A.I. Corp., and Sayari Labs, Inc.

Centana Growth Partners III, L.P. ("Fund III")

The portfolio's value increased by 6.1% during the quarter. Fund III has generated an approximate gross MOIC and IRR of 1.0x and 11.2% and a net MOIC and IRR of 0.9x and (37.1)%, respectively, as of June 30, 2025. This quarter's increase is primarily due to WarrCloud, Inc. transitioning off cost this quarter.

Q2 2025 Activity

Beacon Platform Incorporated – On April 30, 2025, Fund I portfolio company Beacon Platform Incorporated was acquired by Clearwater Analytics (NYSE: CWAN) after the transaction was signed and announced in the prior quarter. The transaction valued the company at \$560 million as of the date of signing, with approximately 60% of the consideration payable in cash and the remaining 40% in CWAN Class A common stock.

This announced transaction value implied an estimated 2.8x Gross MOIC to Fund I, but, similarly to much of the public markets, CWAN's stock price declined after signing. At closing, and using CWAN's closing price the day before closing, the total consideration represented an estimated 2.6x Gross MOIC to Fund I. The June 30, 2025, valuation of Beacon uses the 6/30 CWAN closing price, and the final value will vary based on the future CWAN share price. Please note that certain gains from this transaction may qualify for IRC Section 1202 (QSBS); please consult your tax advisor.

Centana originally led Beacon's Series B in Q4 2019 and participated in the Series C led by Warburg Pincus in Q4 2021. We were (and still are) excited about how Beacon helps financial institution developers rapidly create and deploy new applications or products. Clearwater has stated that it views Beacon as a "next-generation leader for cross-asset class modeling and risk analytics for derivatives, private credit and debt, structured products and other alternative assets," and the acquisition is part of a series of acquisitions allowing Clearwater to deliver what they describe as a "unified platform that spans the full investment lifecycle – from trading and modeling to accounting and regulatory reporting."

Confidential – not for distribution

The Helper Bees, Inc. – On May 7, 2025, Fund III completed a \$2.0 million follow-on investment in The Helper Bees, Inc. The Fund was able to purchase additional Series C shares at the same price and terms as the original investment in January 2025. This investment brings the cost basis of Fund III's total investment in The Helper Bees to \$27.0 million.

CertifID. – On June 30, 2025, Fund III completed a \$30.0 million investment in CertifID, Inc., as the lead investor in their Series C round. Headquartered in Austin, TX, CertifID provides a wire fraud prevention product primarily focused on securing residential real estate transactions. CertifID helps prevent wire fraud by enabling users to securely initiate, track, and verify wire transactions. Wire fraud and business email compromises are rising threats to businesses and their customers across the US, and Centana is excited by CertifID's comprehensive approach to safeguard businesses through a sophisticated fraud prevention platform, workflow automation, and embedded payment and insurance offerings.

Employee Navigator Holdings, Inc. – On June 30, 2025, Fund I sold approximately 39% of its remaining position in Employee Navigator, receiving approximately \$14.3 million, while generating a gross MOIC of 3.8x on the portion that was sold. This was part of a recent transaction in which the company provided liquidity to existing shareholders using both cash on its balance sheet and additional financing from existing investors. Employee Navigator has continued to perform strongly, generating over \$50 million of EBITDA over the last twelve months ending June 30, 2025. Subsequent to this transaction, the Partnership retains shares representing 31% of its original total investment in the company.

Subsequent Events

AlphaSense, LLC – On July 30, 2025, Fund I sold approximately 42% of its remaining position in AlphaSense, receiving approximately \$20.0 million, which reflects a gross MOIC of 2.5x on the portion that was sold. The Partnership's shares were purchased by an existing investor of the Company. AlphaSense has continued to perform strongly, with now over \$450 million of ARR, while consistently growing over 25% year over year the past several quarters ending June 30, 2025. Subsequent to this transaction, the Partnership continues to own approximately 0.7% of the Company.

2025 Annual Conference

We look forward to seeing everyone this Fall at our Annual Conference, scheduled for dinner on Tuesday, October 7, followed by the General Session on Wednesday, October 8, in San Francisco. Should you have any questions, please contact Maria LaHorgue at mlahorgue@centanagrowth.com.

As always, we welcome ongoing dialogue with you. Please reach out with any comments, questions, or suggestions. Thank you.

Sincerely,

The Centana Growth Partners Team
